

AUGUST-SMOOTHING OUT THE ROUGH SPOTS!

Does it ever seem like things are going great then all of a sudden, BOOM, BANG you have hit a speed bump in your life?

That's what happened to us in August. One speed bump took us out of our 6th month of growth but not to worry, we went out and purchased a road smoother for the rest of the year.

I have to admit that I was a little upset about the growth for August then I had to sit back and think of all the good things that were done in August.

We had an awesome Access Day at the Fair. I can remember all the smiling faces from our guests because this is their day to have fun. Things we take for granted was the things they got to do for a day and loved every minute of it!

I also went back and checked membership for the trimester and for the whole 4 months we grew by +42, just because we had a month that wasn't exactly what we wanted we still had a great trimester. We even did better than the 1st trimester where we were -104. We are working to growth for the year and I'm sure this goal will be accomplished in the 3rd trimester!

Keep up the good work and I will see everyone at the state meeting where the 2003 team will be doing some cool training and introducing a new idea for membership!
